<p>Listening is an active process. It is a conscious effort. It has psychological angles. Depending on the purpose of listening, levels of involvement and attitudinal inclinations, listening is of many various types. We shall see some important and useful ones for us.</p> <p>Listening can be evaluative (intellectual) or reflective (psychological or emotional). When to use each type determines the effectiveness of one's listening skills.</p> <p>Listening may also be marked as casual (with not much seriousness) or focused (with full concentration). Others label these two classes as passive and active listening.</p> <p>1) <u>Discriminative Listening</u>: This is the most primary type. Here, the listener tries to identify the difference between various sounds.</p> <p>2. <u>Appreciative Listening</u>: This is in some way casual listening, it is for enjoyment. It appreciates art forms like music.</p>

Feedback Report 2022-2023

For the academic year 2022-2023, feedback on the college functioning including teaching learning process was collected from the students, teachers, parents and alumni in online mode. For the students, a feedback form was designed with 20 questions on 20 parameters with 5 options namely – Strongly Agree, Agree, Neutral, Strongly disagree and Disagree.

179 responses collected from the students. Before collection, the purpose of feedback was explained to the students. If the students could not understand any parameter, the mentors explained the parameter and its importance. With the help of the faculty, the IQAC arranged for the analysis of the collected data; the analysis was tabulated and also presented in a graphical format. For the teachers, alumni and parents, a feedback form was customized with 10 questions covering different areas of the college functioning. The analysis report reveals that:

- Stakeholders expressed their opinion that supports the students to prepare for competitive exams.
- More Cultural activities are to be organized in the college

Action Taken Report on Feedback -2022-2023

The feedback report for the academic year 2022-2023 was placed before the staff council meeting chaired by the principal of the college. The council discussed the report in detail. For all the positive feedback about the teaching learning process, the efforts of the teachers were appreciated. The meeting resolved to take the following measures to improve the overall functioning of the college.

Student Centered Learning (SCL) practices in curriculum delivery and transaction were given much emphasis.

Based on the parents & alumnae feedback, PG coaching is continued in a more structured manner and offered support to the students seeking higher education.

The mentors were specifically directed to provide emotional support to students and be accessible to them even out of the classroom, following the spirit of the Mentor Mentee System (MMS) in place.

REMEDIAL COACHING

IDENTIFYING SLOW, MODERATE AND ADVANCED LEARNERS: 2022-2023

Student Information Form:

Every faculty mentor maintains a Students' Record

Following records are to be maintained by Class mentor of each class:

- Student Information record
- Marks Statement (Internal Assessment and University Exams)
- List of slow, moderate and advanced learners of their batch.
- Remedial measures taken and details (circulars and notices)
- Records of activities for three types of learners

Process to identify Slow, Moderate and Advanced Learners

The process of identifying slow, moderate and advanced learners is as shown in the table.
All students of a particular batch are assessed on following parameters:

S. No	Assessment Criteria
1.	Problem Solving Skills:
	Previous University Exam Score
	Class Tests
	Attendance
	Assignments and Tutorial
2.	Other parameters:
	Ability to answer the questions in class

Slow Learners are those whose learning pace is slower than their peers. They are unable to retain what they learn. They also have a very short attention span. Learning does not happen incidentally for slow learners and they have to be directly taught. They cannot link one learning to another unless specifically told. They require more personal attention of the teacher.

Moderate Learners those who have immature listening / attention / social skills / poor auditory and visual memory.

(Handwritten signature)

Advanced Learners are those students who are ahead on the learning dimensions for the betterment in their life.
