**Feedback Report 2022-2023**

For the academic year 2022-2023, feedback on the college functioning including teaching learning process was collected from the students, teachers, parents and alumni in online mode. For the students, a feedback form was designed with 20 questions on 20 parameters with 5 options namely - Strongly Agree, Agree, Neutral, Strongly disagree and Disagree.

179 responses collected from the students. Before collection, the purpose of feedback was explained to the students. If the students could not understand any parameter, the mentors explained the parameter and its importance. With the help of the faculty, the IQAC arranged for the analysis of the collected data; the analysis was tabulated and also presented in a graphical format. For the teachers, alumni and parents, a feedback form was customized with 10 questions covering different areas of the college functioning. The analysis report reveals that:

- Stakeholders expressed their opinion that supports the students to prepare for competitive exams.
- More Cultural activities are to be organized in the college

### **Action Taken Report on Feedback -2022-2023**

The feedback report for the academic year 2022-2023 was placed before the staff council meeting chaired by the principal of the college. The council discussed the report in detail. For all the positive feedback about the teaching learning process, the efforts of the teachers were appreciated. The meeting resolved to take the following measures to improve the overall functioning of the college.

Student Centered Learning (SCL) practices in curriculum delivery and transaction were given much emphasis.

Based on the parents & alumnae feedback, PG coaching is continued in a more structured manner and offered support to the students seeking higher education.

The mentors were specifically directed to provide emotional support to students and be accessible to them even out of the classroom, following the spirit of the Mentor Mentee System (MMS) in place.

## DEPARTMENT OF ECONOMICS

### BRIDGE COURSE 2022-23

#### **“THE ESSENCE OF EDUCATION LIES IN DRAWING OUT THE VERY BEST THAT IS IN YOU”**

A bridge course is a class or series of classes that help the students transition from +2 to college by providing them with the necessary skills and knowledge about the topics that will be covered in their new courses.

#### **OBJECTIVES:**

- The main objective of the course is to bridge the gap between subjects studied at pre level and the subjects they would be studying in graduation.
- To enrich the students to learn basic concepts in the subjects of BA course.
- To give students confidence and skills to successfully transform to college and new curriculum.
- Interactive and Active Learning by doing have been weaved into the Bridge Course.
- Active Learning with the help of other/peer students.
- To achieve the concept of Assisted Learning.

#### **Standard Operating Procedure**

- A Bridge course for newly admitted BA students is conducted every year before commencement of First Semester classes. The syllabus for the BA courses designed in such a way that, equal importance is given to both Economics discipline subjects and personality development.
- Bridge Course helps the students to open up, think creatively and become responsible and independent students. It also helps smooth transition arts course. The sound grasp of the fundamentals of ECONOMICS subject by the students lays the strong foundation for the entire Three/Four Years Programme.

#### **Highlights of the Bridge Course:**

#### **MICRO ECONOMIC ANALYSIS:**

Smt. CV Ramalakshmi, Faculty, Department of economics explained in detail about the basic economic concepts. She elaborated the concepts with real world examples. She also explained the role of a person as consumer in achieving the economic goals of the life with help of the basic knowledge of economics.

She narrated the live incidents of economic problems of a nation and economy and the role of the governments in providing the economic welfare of the people in a nation.

### EMPOWERING THE WOMEN ENTREPRENEURSHIP IN INDIA

Organized by

**DEPARTMENT OF ECONOMICS**

**28<sup>th</sup> March, 2023 from 10:00 am to 12:30 pm**

#### About the Webinar

Women entrepreneurs and their increasing presence in India have significantly influenced the social and economic demographics of the country. The participation of women in the labour force has helped millions of families to pull out of poverty and has led to job creation. Women are well known for their leadership skills and hence dominate in new-age industries such as electronic manufacturing, where more than 50% of the employees are women because of their high-precision work and better productivity levels. This attitude towards work and commendable business skills have also emphasised the importance of women in the modern workforce. In this scenario, this webinar focusses on the key role of financial and business development service providers unlocking women entrepreneurs' potential and the role of the government in gender inclusiveness

#### About the Department

The Department of Economics came into existence with the inception of the college in the Year 1968. B.A. Course was started with the combination of group subjects i.e History, Economics, politics, English etc. The department of economics has started its academic journey with the efficient teaching staff and involved actively in the various national level associations right from the beginning. With the inspiration from the superannuated staff the department members actively organising webinars, guest lectures, promoting student projects and surveys to have a practical knowledge of economic science.
