

# SKR DEGREE COLLEGE (W), RAJAMAHENDRAVARAM

## DEPARTMENT OF ECONOMICS

### BRIDGE COURSE 2021-22

## "THE ESSENCE OF EDUCATION LIES IN DRAWING OUT THE VERY BEST THAT IS IN YOU

A bridge course is a class or series of classes that help the students transition from +2 to college by providing them with the necessary skills and knowledge about the topics that will be covered in their new courses.

#### OBJECTIVES:

- The main objective of the course is to bridge the gap between subjects studied at pre level and the subjects they would be studying in graduation.
- To enrich the students to learn basic concepts in the subjects of BA course.
- To give students confidence and skills to successfully transform to college and new curriculum.
- Interactive and Active Learning by doing have been weaved into the Bridge Course.
- Active Learning with the help of other/peer students.
- To achieve the concept of Assisted Learning.

#### Standard Operating Procedure

- A Bridge course for newly admitted BA students is conducted every year before commencement of First Semester classes. The syllabus for the BA courses designed in such a way that, equal importance is given to both Economics discipline subjects and personality development.
- Bridge Course helps the students to open up, think creatively and become responsible and independent students. It also helps smooth transition arts course. The sound grasp of the fundamentals of ECONOMICS subject by the students lays the strong foundation for the entire Three/Four Years Programme.

#### Highlights of the Bridge Course:

#### MICRO ECONOMIC ANALYSIS:

Smt. CV Ramalakshmi, Faculty, Department of economics explained in detail about the basic economic concepts. She elaborated the concepts with real world examples. She also explained the role of a person as consumer in achieving the economic goals of the life with help of the basic knowledge of economics.

She narrated the live incidents of economic problems of a nation and economy and the role of the governments in providing the economic welfare of the people in a nation.

"THE ESSENCE OF EDUCATION LIES IN DRAWING OUT THE VERY BEST THAT IS IN YOU"

A bridge course is a series of classes that help students transition from Intermediate level to graduation by providing them with necessary skills and knowledge about topics that will be covered in their new course.

**Objectives :**

- The main objective of the course is to bridge the gap between subjects studied at pre-university level and subjects they would be studying in B. Com Course.
- To enrich the students to learn basic concepts in the subjects of B. Com I semester.
- To give students confidence and skills to successfully transform to college and new curriculum
- Interactive and Active Learning by doing have been weaved into the Bridge Course.
- Active Learning with the help of other/ peer students.
- To achieve the concept of Assisted Learning.

**Standard Operating Procedure**

- A Bridge Course for newly admitted B.Com Students is conducted every year before commencement of First Semester Classes. The syllabus for the B. Com course is designed in such a way that, equal importance is given to both Commerce discipline subjects and personality development.
- Bridge Course helps the students to open up, think creatively and become responsible and independent students .I also helps smooth transition to commerce course..The sound grasp of the fundamentals of Commerce and Management subjects by the students lays the strong foundation for the entire Three/ Four Years Programme.

**Highlights of the Bridge Course:**

1) **Basics of Accounting**

Smt. S. Lakshmi, Faculty, Department of Commerce explained in detail about the basic Accounting concepts, types of accounts, important terms in accounting and Accounting Rules. She elaborated the procedures for preparation of Trail Balance and Final Accounts

2) **Business Environment**

Smt. B. Vanaja Ratnam Faculty, Department of Commerce explained about an Overview of Business Environment in a vivid manner

3) **Business Organization and Management:**

Ms. A. Devi, Faculty, Department of Commerce explained about the basic concepts of business and management, types of business, business environment, innovative techniques in business and functions of management.

4) **Information Technology:**

Smt. S. Lakshmi, Faculty, Department of Commerce gave a Overview of Fundamentals of Accounting and Microsoft Office Tools.

**BRIDGE COURSE 2021-2022**

"THE ESSENCE OF EDUCATION LIES IN DRAWING OUT THE VERY BEST THAT IS IN YOU"

A bridge course is a series of classes that help students transition from Intermediate level to graduation by providing them with necessary skills and knowledge about topics that will be covered in their new course.

Objectives :

- The main objective of the course is to bridge the gap between subjects studied at pre-university level and subjects they would be studying in Degree Level.
- To enrich the students to learn basic concepts in the subjects of Degree I semester.
- To give students confidence and skills to successfully transform to college and new curriculum
- Interactive and Active Learning by doing have been weaved into the Bridge Course.
- Active Learning with the help of other/ peer students.
- To achieve the concept of Assisted Learning.

#### Standard Operating Procedure

- A Bridge Course for newly admitted Degree Students is conducted every year before commencement of First Semester Classes. The syllabus in General Telugu and Special Telugu course is designed in such a way that, equal importance is given to both Telugu discipline subjects and personality development.
- Bridge Course helps the students to open up, think creatively and become responsible and independent students. Students will gain some knowledge in Literature of Telugu and famous Poets. Students will learn the basic points of the Grammar in Telugu

Highlights of the Bridge Course:

Pracheena Kavitwam:

Grammar:

Smt K.S. Annapurnadevi, faculty of the Telugu Department, Explained in detail of Grammar in Telugu, and about Pracheena Kavulu.

Adhunika Kavitwam:

Kum P. Vijayalakshmi, faculty of the Telugu Department, Explained in detail of Modern Telugu poets, and their literary works.

**BRIDGE COURSE 2021-22**

\*\*\*\*\*  
“THE ESSENCE OF EDUCATION LIES IN DRAWING OUT THE VERY BEST THAT IS IN YOU”  
\*\*\*\*\*

A bridge course is a series of classes that help students transition from Intermediate level to graduation by providing them with necessary skills and knowledge about topics that will be covered in their new course.

**Objectives :**

- The main objective of the course is to bridge the gap between subjects studied at pre-university level and subjects they would be studying in B.Sc Course.
- To enrich the students to learn basic concepts in the subjects of B.Sc I semester.
- To give students confidence and skills to successfully transform to college and new curriculum
- Interactive and Active Learning by doing have been weaved into the Bridge Course.
- Active Learning with the help of other/ peer students.
- To achieve the concept of Assisted Learning.

**Standard Operating Procedure**

- A Bridge Course for newly admitted B.Sc Students is conducted every year before commencement of First Semester Classes. The syllabus for the B.Sc course is designed in such a way that, equal importance is given to both Chemistry discipline subjects and personality development.
- Bridge Course helps the students to open up, think creatively and become responsible and independent students. I also help smooth transition to Chemistry course. The sound grasp of the fundamentals of Chemistry and Management subjects by the students lays the strong foundation for the entire Three/ Four Years Programme.

➤ **Highlights of the Bridge Course:**

1) **States of Matter**

Dr.M.Sunitha, Faculty, Department of Chemistry explained in detail about 1. The three states of matter 2. Intermolecular interaction 3. Hydrogen bonding 4. The gaseous state 5. Boyle's law, Charles law. 6. Gay Lussac's law, Avogadro law 7. Kinetic theory - molecular speeds 8. Liquid state 9. Vapour pressure 10. Surface tension 11. Viscosity. lecture come demonstration method atomic model blackboard

2) **Periodic table**

. Smt. V.B.T.Sundari Faculty, Department of Chemistry explained about Overview of Periodic table Periodic trends in properties of Elements - a) Atomic radius b) Ionization potential c) Electro negativity d) Ionic radius e) Density.

3) **Fundamentals of Organic Reaction Mechanism:**

Smt. V.B.T.Sundari, Department of Chemistry explained about the basic concepts stability of Carbocation, Carbanion, and Carbon free radical 2. Types of Reagents- Electrophiles and Nucleophiles 3. Curved arrow notations, cleavage of bond-homolytic and heterolytic cleavage 4. Resonance effect, Inductive effect, Mesomeric effect and Steric effect 5. Types of reactions- Addition, Elimination, Substitution, and Rearrangement

4) **Structure of Atom:**

Dr.M.Sunitha, Faculty, Department of Chemistry gave an Overview of Structure of Atom Quantum number - i) Principal quantum number ii) Azimuthal quantum number iii) Magnetic quantum number iv) Spin quantum number, Shape of orbitals - a) s - orbital b) p - orbital c) d - orbital a) Aufbau principle b) Pauli's exclusion principle c) Hund's rule.

**BRIDGE COURSE**

"THE ESSENCE OF EDUCATION LIES IN DRAWING OUT THE VERY BEST THAT IS IN YOU"

A bridge course is a series of classes that help students transition from Intermediate level to graduation by providing them with necessary skills and knowledge about topics that will be covered in their new course.

Objectives :

- The main objective of the course is to bridge the gap between subjects studied at pre-university level and subjects they would be studying in Degree Course.
- To enrich the students to learn basic concepts in the subject, Sanskrit of Degree I semester.
- To give students confidence and skills to successfully transform to college and new curriculum
- Interactive and Active Learning by doing have been weaved into the Bridge Course.
- Active Learning with the help of other/ peer students.
- To achieve the concept of Assisted Learning.

Standard Operating Procedure:

- A Bridge Course for newly admitted Degree Students is conducted every year before commencement of First Semester Classes. The syllabus for the Degree course is designed in such a way that, equal importance is given to both Art's/ Science discipline subjects and personality development.
- Bridge Course helps the students to open up, think creatively and become responsible and independent students.

Highlights of the Bridge Course:

R.Rajeswari, Faculty of the Sanskrit Dept., Explained the syllabus of the course n famous poets of the Sanskrit literature.

A.V.N.D Srinivas, Faculty of the Sanskrit Dept., Explained in detail the grammar in Sanskrit Language.

**“ ESSENCE OF THE EDUCATION LIES IN DRAWING OUT THE VERY BEST THAT IS IN YOU ”**

A bridge course is a series of classes that help students transition from Intermediate level to graduation by providing them with necessary skills and knowledge about topics that will be covered in their new course.

**Objectives :**

- The main objective of the course is to bridge the gap between subjects studied at pre-university level and subjects they would be studying in B.A., Course.
- To enrich the students to learn basic concepts in the subject, HISTORY(Humanities / Art's) of B.A., I semester.
- To give students confidence and skills to successfully transform to college and new curriculum
- Interactive and Active Learning by doing have been weaved into the Bridge Course.
- Active Learning with the help of other/ peer students.
- To achieve the concept of Assisted Learning.

**Standard Operating Procedure:**

- A Bridge Course for newly admitted B.A., Students is conducted every year before commencement of First Semester Classes. The syllabus for the B.A., course is designed in such a way that, equal importance is given to both Art's/ Humanities discipline subjects and personality development.
- Bridge Course helps the students to open up, think creatively and become responsible and independent students. It also helps smooth transition to Art's course. The sound grasp of the fundamentals of Art's / Humanities subjects by the students lays the strong foundation for the entire Three/ Four Years Programme.

**Highlights of the Bridge Course:**

**1) Ancient Indian civilization:**

*Smt. M. Venkayamma, faculty, department of history explained history in detail about the basics of Indus valley civilization, Vedic age, society, polity, economy, culture during early and later Vedic period.*

**2) Ancient Indian history & culture**

*Doctrines and impact of Jainism and Buddhism: Mauryan administration, society, economy & culture - Ashoka's Dhamma; Kanishka's contribution to Indian culture.*

**3) History & culture of South India**

*Introduce the culture under Satavahanas, science and technology under Guptas, contribution of Harsha, local self government of Cholas and culture under Kakatiyas.*

BRIDGE COURSE - 2021-2022

\*\*\*\*\*

\*\*\*\*\*

"THE ESSENCE OF EDUCATION LIES IN DRAWING OUT THE VERY BEST THAT IS IN YOU"

A bridge course consists fundamental concepts and series of classes that helps students transition from Intermediate level to graduation stage by providing them with necessary skills and knowledge about topics that will be covered in their new course.

**Objectives:**

- The main objective of the course is to bridge the gap between subjects studied at pre-university level and subjects they would be studying in B.Sc Courses.□
- To enrich the students to learn basic concepts in the subjects of B.Sc in I semester.□
- To give students confidence and skills to successfully transform to college and new curriculum□
- Interactive and Active Learning by doing have been weaved into the Bridge Course.□
- Active Learning with the help of other/ peer students.□ □ To achieve the concept of Assisted Learning.□

**Standard Operating Procedure**

- A Bridge Course for newly admitted B.Sc Students to conducted every year before commencement of First Semester Classes.□
- The syllabus for the B. Sc course is designed in such a way that, equal importance is given to both Maths & Statistics discipline subjects and personality development.□
- Bridge Course helps the students to open up, think creatively and become responsible and independent students. I also helps smooth transition to Maths & Statistics course. The sound grasp of the fundamentals of Mathematics and Statistics subjects by the students lays the strong foundation for the entire Three/ Four Years Programme.□

## Highlights of the Bridge Course

### **SUBJECT: MATHEMATICS**

#### 1) Basic Concepts Of Calculations

Sir C.V. Prasad elaborate the topic studied in 10<sup>th</sup> class and intermediate and give shortcut methods by using Vedic mathematics.

#### 2) Formation Of Differential Equations

Sir M. Veereju explains first order differential equations

### **SUBJECT: STATISTICS**

#### Descriptive Statistics And Probability

Smt. E. Keerthi, lecturer in statistics explains a new topic of measures of central tendency and it helps to use the competitive exams for mental ability and reasoning and also helps in survey and research

**BRIDGE COURSE - 2021-2022**

\*\*\*\*\*  
"THE ESSENCE OF EDUCATION LIES IN DRAWING OUT THE VERY BEST THAT IS IN YOU"

A bridge course is a series of classes that help students transition from Intermediate level to graduation by providing them with necessary skills and knowledge about topics that will be covered in their new course.

Objectives:

- The main objective of the course is to bridge the gap between subjects studied at pre-university level and subjects they would be studying in B.Sc.(CBZ) Course.
- To enrich the students to learn basic concepts in the subject of Botany I semester.
- To give students confidence and skills to successfully transform to college and new curriculum
- Interactive and Active Learning by doing have been weaved into the Bridge Course.
- Active Learning with the help of other/ peer students.
- To achieve the concept of Assisted Learning.

Standard Operating Procedure

- A Bridge Course for newly admitted BSC (CBZ) Students is conducted every year before commencement of First Semester Classes. The syllabus for the Botany course is designed in such a way that, equal importance is given to all subjects and personality development.
- Bridge Course helps the students to open up, think creatively and become responsible and independent students. It also helps smooth transition to Botany course. The sound grasp of the fundamentals of Botany subject by the students lays the strong foundation for the entire Three/ Four Years Programme.

Highlights of the Bridge Course:

1) Fundamentals of Microbes and Non-vascular Plants:

Smt.M.Sridevi, Faculty, Department of Botany explained in detail about 1. Origin of life and Viruses  
2. Special groups of Bacteria and Eubacteria 3. Fungi & Lichens 4. Algae.

2) Basics of Non-vascular Plants and Vascular Plants:

.Kum.P.Sridevi Faculty, Department of Botany explained about 1. Bryophytes 2. Pteridophytes  
3. Gymnosperms.

3) Basics of Vascular Plants and Phytogeography :

Smt. T. Nagamuni Faculty, Department of Botany gave a Overview of 1. Basic aspects of Taxonomy 2. Systematic Taxonomy 3. Phytogeography.
