REMEDIAL COACHING

III sem.

Not all students learn at the same pace; some students require extra attention. The basic premise of remedial coaching is to help students to Catch-up to their peers. When students academically fall behind, a gap opens between their abilities and that of their peers. Over the time, this gap gathers a place and widens to the point where learning in other area is affected.

Remedial Coaching focuses on basic concepts, develop better study habits and to develop confidence in the students for respective subjects. Remedial classes help to close the gap between what a student knows and what he is expected to know.

OBJECTIVES:

- To identify the potential learning gaps those are hindering the students' progress in the classroom.
