1. College Website- COLLEGE INFORMATION MANAGEMENT CENTER

The website of the college, www.skrgdcwrjy.ac.in is constantly updated with all essential information and documents pertaining to the institution. The online portal of our college serves as a digital gateway to the institution, offering a plethora of resources and information to students, faculty, prospective applicants, and alumni. It ensures easy accessibility standards to cater to diverse user needs and feedback for both stakeholders and the general public.

1. Online teaching learning monitoring app

The app, introduced by the Commissionerate of Collegiate Education, Government of Andhra Pradesh, facilitates classwork management, leave management, holiday management, and timetable management. This OTLM app captures the entire teaching and learning transaction pertaining to quality of Teaching, strengthening of Teaching Learning Processes, Student attendance, Monitoring, Evaluation etc.,. On a daily basis, teachers upload the details of the classes taken, including photos. All teachers and students in the college are registered in the app, providing their basic details. The app also maps their names, subjects, and allotted classes in the timetable. In case whether teachers are on leave, any deviation or adjustment of classes is reported through this app.

Additionally, the app allows for the generation of day-wise, month-wise, and teacher-wise summaries of the classwork.

2.**Finance and Accounts**

CFMS Overview:

Comprehensive Financial Management System (CFMS) is an enterprise level application, being designed, developed and implemented by Andhra Pradesh Centre for Financial Systems and Services (APCFSS) on behalf of the Finance Department,. The broad outcomes envisaged from the implementation of the CFMS project include a 'Single Source of Truth' across the enterprise (i.e. the State) accessible by all the stakeholders of the system, real time information availability, facilitate agility in decision making, speed and certainty of service delivery, convenience to all the stakeholders, minimal reconciliations and improved financial discipline in the state.

The Key Objectives of CFMS are:

- Enterprise-wide approach implies that the CFMS solution would be based on a holistic approach breaking the departmental barriers/ information silos to facilitate informed decision making considering the comprehensive view of state of affairs.
- Effectiveness is doing the RIGHT things and in the context of the CFMS solution it indicates result-orientation, prioritization and optimum resource utilization, control and monitoring, timeliness and policy support.
- Accountability refers to stakeholders taking ownership for their actions and decisions across the value chain.
- Transparency refers to timely and accurate dissemination and disclosure of information, data and decision process to the concerned stakeholders.
- Stakeholder convenience implies that the stakeholders (ministries, departments, auditors, employees, pensioners, citizens, suppliers, contractors, parties, etc.) perceive benefits in using the system. Sustainability of the system in the long and short term.

SERVICES PROVIDED BY CFMS

The identified services under the Comprehensive Financial Management System (CFMS) are broadly categorized among the Government to Government (G2G), Government to Citizen (G2C), Government to Employee (G2E) and Government to Business (G2B) areas to cover the broad scope of government and its stakeholders
