POLICY DOCUMENT ON ENVIRONMENT AND ENERGY

The Environment and energy strategy is restricting to advance ecological mindfulness exercises by the establishment green grounds drive energy preservation and climate insurance exercises help to save energy and government assistance of climate.

Energy Audit is the first step which can be conducted within an Organization for the development of electrical energy efficient measures. The ultimate goal of the energy audit is to emphasize the concept of energy conservation in the campus of Educational Institute.

University Grants Commission (UGC) has made the mission “Green Campus”, Clean Campus” mandatory for all higher educational Institutes. Realizing the need of being responsible towards the environment, NAAC (National Assessment and Accreditation Council) , an autonomous body under UGC has also included the concept of Environmental Audit in accreditation methodologies of State and Central Universities as well as Colleges.

As a part of this, S.K.R. Government Degree College (Women), has laid down some policies regarding energy savings which include:

- Minimize Energy Consumption by the use of energy efficient equipments.
- Maximum usage of Day Light.
- Usage of Natural Ventilation.
- Create awareness among students and staff about energy conservation.

To achieve these, the following methodologies were being followed / to be followed by the college.

- Training faculty, students to make the Institute as an efficient in energy conservation.
- Carry out regular internal energy audit.
- Inviting experts in the respective fields.
- Replace old electrical appliances with star rated equipment.
- LED Lights.
- Proper maintenance of equipment.
